# BACK TO SCHOOL

Fun adaptable activity that incorporates elements of:

- **Mathematics**
- **Digital Technologies**
- **Digital Literacy**
- **Media arts**
- **Data privacy**

I'm Noa. My age is 7, my favourite colour is green (square colour). I have 5 pets (arms). There are 4 people in my family (eyes). My birthday is in March (hair) and I go to school in the car (4 wheels).

Find more details on this activity in the Statistics module of the Maths in Schools F-2 online course

Professional Learning

Data monsters

Early Years : Statistics

Get to know your students by collecting and analysing data from their data monsters.

I'm Amari. My age is 8, my favourite colour is blue (circle colour). I have no pets (arms).
There are 5 people in my family (eyes). My birthday is in July (hair) and I walk to school (legs).

How many students walk to school?

How many students have a birthday in June?
