

# How many people can be rescued from the sea?

How many people have walked along this beach today?

There is one chocolate button left  
in the box, what colour is it?

What is the probability of hitting an odd number?

# What is the probability of rolling two more 5s?

# What have I been doing?

If I close my eyes and point to a random letter, what is the probability it is in a word?

## How sick am I?
