Planning for Collecting and Organising Data

Hypothesis/Prediction: What do you think?

	Sample Learning Activities
What question will you ask? (KU1)	
How will you collect your data? (KU2) • What would you count or measure? • Who could you ask? • What would you observe? • What existing data would you use?	
How will you organise your data? (KU3)	
What sample type and size will you use? (KU5)	
How will you make sure your data collection is valid and reliable? (KU4)
