

How would you  
estimate the answer?

Contains 12 number problems.

Instructions:

Exercise and develop estimation capabilities over time by using 1-2 visual prompts each day to spark a 5-15 minute conversation.

What's your estimate?

How did you estimate?

$$48 + 98$$

What's your estimate?

How did you estimate?

$$147 + 98$$

What's your estimate?

How did you estimate?

$$72 + 196$$

What's your estimate?

How did you estimate?

$$161 + 195$$

What's your estimate?

How did you estimate?

$$78 + 214$$

What's your estimate?

How did you estimate?

$$348 + 128$$

What's your estimate?

How did you estimate?

$$58 + 223$$

What's your estimate?

How did you estimate?

$$248 + 427$$

What's your estimate?

How did you estimate?

$$66 + 132$$

What's your estimate?

How did you estimate?

$$266 + 333$$

What's your estimate?

How did you estimate?

$$73 + 433$$

What's your estimate?

How did you estimate?

$$295 + 452$$
