

BACK TO SCHOOL

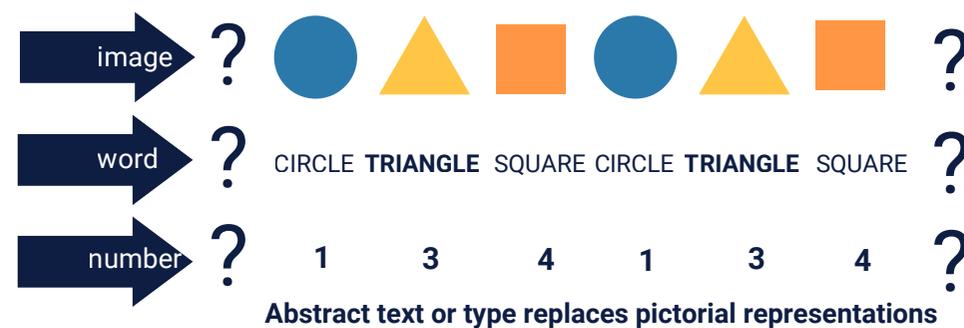

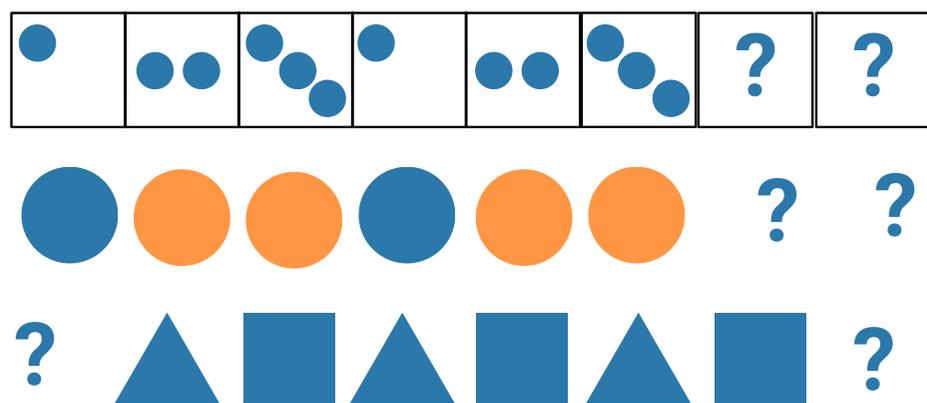

Continuing patterns

Early years : Algebra

Try these fun ideas that include:

- Mathematics
- Digital Technologies
- The Arts (Music and Dance)

Build continuing patterns and work out what comes next.

Patterns can be explored through dance moves or movement routines

Pose questions

- How would you describe your pattern?
- What is the rule for replicating or continuing the pattern?
- How did you represent the pattern?
- What do you need to know to be able to extend a pattern?

Find more details on this and other Algebra lesson ideas in the free Maths in Schools F - 2 online course.
