

Worksheet: Assessment: Make your own calendar

1. Use the table to make your own calendar. Add the days of the week.

Monday	Wednesday	Friday	Sunday
Tuesday	Thursday	Saturday	

2. Add numbers to show the date for each day of the month.

3. What day of the week does your calendar start at?
4. Shade the weekends in a different colour.
5. How many weeks are there in this month?
6. Could this be any month of the year? Why or why not?
