

# Year 1 Formative assessment: Calendar

Present students with a calendar. Pose relevant questions to assess their current understanding.

Questions may include:

- How many months in the year?
- What is the month after December? How do you know?
- Can you find your birthday on the calendar?
- Can you find a day that your family celebrates? What is the date?
- What day is it today? How many days until the end of the week?
- Which months have 30 days and which have 31?
- What is special about February?
